Selectmen to Meet at East Bethel

The Board of Selectmen will hold their next regular meeting on Monday evening, June 11, at 7 o'clock at the East Bethel Grange Hall. Residents of the East Bethel area are urged to attend to discuss any problems and concerns with the Selectmen. Other agenda items will include, consideration of victualer licenses for Moore's Restaurant and the Sudbury Inn, consideration of three pole permits for Central Maine Power Company, review of truck body bids, review of state aid road work for this summer, and review of the May financial statement.

The Planning Board will meet Monday evening, June 11, at 7 o'clock in the Town Office. The Board will be electing officers for the year and reviewing work activities for the next few months. Members of the Planning Board are Cathy Newell, Robert Chadbourne, Dana Douglass, Jane Young, Alden Kennett, Richard Hosterman, and Donald Eddy.

As a reminder, Bethel's landfill hours are: Monday, 12 noon to 4 p. m.; Thursday, 10 a. m. to 4 p. m.; Saturday, 10 a. m. to 4 p. m.; Sunday, 10 a. m. to 4 p. m.; Closed Tuesday, Wednesday, and Friday.

The Municipal Facilities Study Committee met Tuesday, June 5, at the Town Office. The committee recently has divided into ad hoc groups to gather information relative to new town facilities to present to the Selectmen. Some members traveled to Auburn last week to look at the highway garage, the water and sewer district building, and the garage of an auto agency there. The committee also has gathered information on facilities at Rangeley, Arundel, and Rumford, and plans for facilities in Paris. Various committee members have worked closely with the town manager and the highway superintendent, Robert Davis, to develop space requirements for a new garage. Considerations have also been held with an architect and an engineer with experience in building municipal facilities, and with a surveyor, relative to the Cross St. lot to the town owns. Letters soliciting aid in the development of a passive solar heating facility have been sent to a variety of organizations and officials.

At Tuesday's meeting, the committee reviewed information acquired to date. They will report facts and proposals to the Board of Selectmen at this first meeting in July. Further visits to facilities in other towns, development of a sketch-plan for a new Bethel facility, and information about possible use of solar energy for a new facility are expected before that time.

Woodstock Kindergarten Transfer

Proposal Nixed by S. A. D. #44 Board

The M. S. A. D. #44 board of directors held a regular meeting Tuesday evening, June 5, in the Telstar Regional High School library.

The directors declined to approve the sending of the Woodstock kindergarten students to the Locke Mills Elementary School for the 1979-80 school year. Several mothers of children that would have been affected by the proposal were present and expressed opposition.

The board approved Mrs. Linda Yates of Bradbury State Park, Fownal, as a teacher in the Telstar Middle School for the 1979-80 school year. Holder of a B. S. degree from the University of Maine-Fort Kent, she has five years teaching experience. Present plans call for Mrs. Yates to teach three classes of English, one math and one reading.

Action on naming a grade five teacher at Crescent Park School, and one at Telstar Middle School was postponed a second time, this time to June 18.

A bid of \$14,949 from Louis Chevrolet to provide S. A. D. #44 with a 27-passenger gas-powered school bus was accepted.

After discussion of well over an hour, the board approved a Health Education Curriculum as developed by the Health Education Committee.

It was announced by Supt. Kenneth Smith that students who are currently fifth graders in Andover and Woodstock will be permitted the option to attend the sixth

grade at the Telstar Middle School during the 1979-80 school year. Parents desiring to exercise this option for their child should contact the principal at Woodstock, Andover, or the Middle School, or before Friday, June 15.

Board Chairman Harry Swan, Jr., informed the board that Brian Stowell, Woodstock director, had submitted his resignation to that town's selectmen.

A brief executive session was held by the board for discussion of negotiation matters.

Board members not present Tuesday evening were James Sysko of Newry, and Sheryl Wilbur, Woodstock.

The next regular meeting of the S. A. D. #44 board is scheduled for the Telstar Library, Tuesday evening, June 18, at 7:30.

FEW VOTERS ATTEND

M. S. A. D. #44 MEETING

—FY 80 BUDGET APPROVED

A sparse turnout of voters approved an M. S. A. D. #44 operating budget for fiscal year 1980 at Telstar Auditorium on Monday evening, June 4. Stephen Wight of Newry served as moderator of the 60 minute session.

Gross expenditures of \$2,432,857 plus \$17,950 for S. A. D. #44 Adult Education were approved by the approximately 40 voters attending.

Of the approved budget, \$1,055,675 plus \$8,745 for the local share of Adult Education, a net amount of \$1,064,420 is to be assessed to the S. A. D. #44 member towns.

In other action, S. A. D. #44 voters approved a Regional Vocational Budget (NOVA) of \$220,478 and an expenditure of \$6,100 for NOVA Adult Education. The District's share of the NOVA Budget is included in the S. A. D. #44 operating budget. The approval of the \$6,100 for NOVA Adult Education permits the Cooperative Board to expend a balance from the preceding year.

Permission was also granted for the S. A. D. #44 board to make application for and expend funds received from Federal, State and private sources.

TRANSPORTATION, FOOD PRICES, ENTERTAINMENT, HEAD CONSUMER COMPLAINTS

Results of a Chamber of Commerce consumer survey conducted during the month of April indicate, based on 42 survey returns, that shoppers believe area food prices are too high compared to store prices in surrounding towns. The nine most frequent responses were as follows:

Need for lower cost food retailing, 75%; need for entertainment facilities, primarily movies and bowling, 65%; need for public transportation connections with Portland, Lewiston, Rumford and Berlin as well as an area taxi service, 58%; restaurants that offer a more varied menu and are open later in the evenings, 50%; combination gift shops and craft/hobby supply stores, 43%; then, the next three items all drew a 25% response rate: children's clothing and shoes, clothing in general but mainly work clothes and sporting goods (fishing, hunting, basketball).

Health services and pharmacy comments totaled 40%. They were evenly split, however, with having a resident doctor equal to wanting a discount type of drug store available. Some wanted more volunteer workers at the health center so that costs could be kept down.

The need for trained automotive mechanics and service drew a 29% response.

The Greater Bethel Chamber of Commerce plans to follow up the survey in two ways: First, the completed surveys will be circulated through each of the Bethel retail businesses so that the owners can see what the consumers

WATER DISTRICT TO PHASE OUT FIXTURE BASED SERVICES

—WILL FLUSH HYDRANTS

The Bethel Water District held its regular monthly meeting at the Town Office on Tuesday evening. The Trustees voted to draw up and announce a plan for phasing out all fixture based services and currently to install meters for those customers where fixture service is being terminated. Along with this project, the district employees will inspect and replace all inoperative metering devices. Letters will be sent to those customers who are being charged on a fixture basis advising them of the change to metered service which is planned to be completed within approximately four weeks.

At a cost of \$20 water district customers can have a remote reading device installed to avoid the inconvenience of having someone entering the house to make clean. The flushing will be done very late in the evening so that service will not be disrupted.

During the week of June 11, district employees will be flushing hydrants, a procedure which is done twice a year. Flushing is done to ensure proper operation of the hydrants and to keep water mains clean. The flushing will be done very late in the evening so that service will not be disrupted.

A dinner of bean hole beans, prepared by Willard Wright, franks, salads, punch, cake and home made ice cream was served by the Newry Club. Many land owners expressed their appreciation to the club for the picnic. The club greatly appreciates the opportunity to make trails and travel over private property with snowmobiles.

Plates and note paper with a picture of the church and an church updated history will be on sale. It is hoped that former residents, former ministers and friends will mark Aug. 26 on their calendar and attend, making this a very special day. If anyone would like to participate, they are most welcome. Just let one of the committee members know what you would like to do and that you are available. Serving on the committee are: Chairman, Pastor Rodney Hanscom, Freda Robertson, Elsie nor Morton, June Swan, Karlene Bachelder, Willard Wright, Owen Wright and Stanley Hale.

Ted Cunningham, Moody, spent a few days last week, visiting Lee Swan.

June Swan attended TOPS State Recognition Day in Bangor Friday and Saturday.

Some folks held their traditional Memorial Day picnic in spite of the rain.

It seems early for strawberries to be forming.

Someone will need to come up with a second use for the hard hats discarded after sky lab entry. Maybe we could use them for tomato plant cages—or punch holes in the rim and have them hanging plant pots—or individual wash bowls for a big family bathroom.

Flossie and Penny Bernier, Ryan, Danielle and baby, Jerry, spent a few hours here one day last week. I had not seen the baby for some time and his visit confirmed my suspicions—that I have the smartest grandchildren in the world.

The grounds around the Wells place has been graded and the estate continues to improve in looks.

June has come in and we are enjoying the sun after the rains. People, on our road, worked on their gardens. The peas liked fast. Got sick of taking care of most of my indoor plants and have put them out for the summer. Along about this time of year it is so much easier to put them out in the fall one can either slip them or dig them up. The snowball is covered with balls and should be one mass of white snow in about a week. We had one of these by our porch in East Stoneham and as a girl I used to on a hot day stand by the tree cool me off.

Mr. and Mrs. Charles Mason, Melissa and Carol, went to a horse show in Norway and took a ribbon; Sandy Plawlock and Marlene Bean. Also going were Mr. and Mrs. Scott Mason and two children, Gilead, and David Mason. They were joined by Mr. and Mrs. Leroy Morgan, Greenwood, Carol received five ribbons and Melinda, seven. Melinda was junior champion of the day, Mr. and Mrs. Chuck Mason and two children also went and they all had a picnic together.

Jody Shimamura ran the lights for "Alice in Wonderland," at Telstar, Friday and Saturday. We had four little girls from our road in the recital. They were Shilo Hutchins, daughter of Mr. and Mrs. Daniel Hannon, and Amy Laban, daughter of Mr. and Mrs. John Laban. This is a lot of work for parents and children but all I talked to said it was worth it.

Billy Shimamura has summer employment at Bethel Inn.

Gerry Shimamura and Thelma Merrill were in Norway Friday and went to the play Saturday night.

Mr. and Mrs. Frank Murphy went to the recital Saturday night and then had Sally, Amy and Mary Beth Hannon, in for pizzas.

Mr. and Mrs. Joseph Casey came up from Reading, Mass., and stayed overnight. They, and the John Laban family, went to the recital to watch Amy Laban.

Sue Angevine, Sheri, Kristy and Timmy went to "Alice in Wonderland," Friday.

Sandra Gunther was a Friday evening caller at Pat Saunders. Richard Saunders visited his grandmother and uncle, the Mortons, in Newry this week end.

Robert Saunders was one of the players who went to Lewiston. This was the first game of the State of Maine Class "C" tournament and Telstar won.

Daniel Hannon enjoyed a fishing trip in Jackman this week end. Mr. and Mrs. Homer Smith and Andy went to Fairlee, Vt., to their son and family, Mr. and Mrs. Kerry Sunday and new grandson.

Saturday night, Mr. and Mrs. Steve Anderson and two boys went hornpumping and took Leslie Lapham with them.

Lynn Monahan, Brookline, Mass., spent Memorial week end with her uncle and wife, Mr. and Mrs. James Monahan. They went to

Sunday evening callers at Yates' were: Edna, Connie and Josephine Tripp, Earl Hutchinson and Lucy Adams. Lucy had supper with us.

Our sympathy goes out to the Benton Swan family in their loss of wife and mother. Nettie was a nice person and she will be missed by all who knew her.

Phillip Runnels and family spent the Memorial holidays with his parents, Mr. and Mrs. Asher Runnels.

Bear River Grange will meet at their hall June 9. All members are urged to come as it is election of officers.

Clayton Blake came home from the hospital, June 5.

Scarborough Downs to the horse races as Lynn had never been.

Mr. and Mrs. Victor Coolidge had an early birthday party for their two daughters, Sarah and Jessica, one. Attending were Gracie and Grampa Coolidge and Henry Leavitt, Mr. and Mrs. John Coolidge and family, Mr. and Mrs. Earl Coolidge and Denise, Mr. and Mrs. Erlon Bean and Penny, all of East Bethel, and Mr. and Mrs. Dick Angevine and family. Refreshments of cake, ice cream and punch were served.

On May 26, Mr. and Mrs. Victor Coolidge, took the two girls to the Chicken Coop, Mexico, to eat.

Tuesday, May 29, we got a call from our son, Wilfred, who was in the Beauford Naval Hospital. He had been working on the dock and a boom had fallen onto his knee. It splintered the bone so they had to operate and put in a bone graft. His address is: Wilfred Gibson, Bent Pines, Lot #55, Burton, S. 29902.

Cattle are out, some gardens are up, rain is coming down.

May 28-June 3:

Mr. and Mrs. Floyd Verrill returned to Concord, Mass., June 3. Mrs. Benton Swan passed away this week. Much sympathy is given the family.

The road crew is working at the Letter S.

Sent in by Eva Yates:
A few nice days and everyone is out gardening, swapping plants, giving one another hints on planting etc. and the big job of fighting mosquitoes and the friendly little black flies. Now and then a small snake shows up but not as many as used to.

Russell and Eva Yates had a very pleasant surprise Sunday evening when Eva's grandson, Gilbert Haines, and wife came in on their motorcycle.

Peggy Blake, Eva and Russell

ped in and we all had a nice visit. We are saddened, like everyone else, to hear of the tragic deaths of Telstar's young people. Two of them, Susan Osgood and Jerry Swan, were related to the Charles Mason family.

Our son, Frank, and Grace were Sunday afternoon visitors.

I Found Loveliness
I found loveliness today,
Down along life's broad highway.

Saw its beauty in the trees,
Heard a whisper in the breeze;
Listed it in my song bird's trill,
Felt its warmth in flowing rill;

Rhythm caught in swaying pine,
All along life's broad highway,
I found loveliness today,
Down along life's broad highway,

Beauty in pastures green,
Next in clouds in silvery sheen,
Golden glow at break of day;
Joy in children at their play;

Scented odors of wild rose,
Peace I found where violet grows,
All along life's broad highway
I found loveliness today.

POPPY POSTER WINNERS

This year there were not as many participants in the Mundt-Allen Post #80 Auxiliary's poster contest as in the past, but the pupils that entered made some excellent posters. The Auxiliary is pleased to announce the following winners.

Fourth Grade: first, Michael Jodrey; second, Debbie Wheeler; third, Lynn Seames.

Fifth Grade: Kevin Sweetser and Sarah Buckman both won first prize. They were the only two entrants.

Sixth Grade: first, Brent Bachelder; second, James Gorman. Arlene Bean, Poppy Chairman, wishes to thank the judges, Mr. and Mrs. Douglas Bane and Walter Clark, who did a fine job and a "thank you" to all the children who made the Poppy Contest a success.

GREENWOOD RECREATION FIELD IS PROGRESSING

The recreation committee of Greenwood would like to inform the town's people of the progress at the recreation field.

After weeks of volunteer preparation, the two tennis courts were paved on Tuesday. Lars Thermanius, a paving contractor from Norway, paved the courts. They will have to set and harden for three weeks before they can be sealed and painted. If all goes well, they should be in use, without a fence, by the first part of July.

Work on the little league field has been slow. This is not a contract job, therefore, requires a lot of volunteer, manual labor. Gravel has been hauled and spread on the new field. One more evening of graveling should be enough. Now rocks and roots need to be picked out of the gravel before it can be loamed, raked and seeded. When this field is completed, the old ball field can be plowed up, leveled off, reseeded and new clay put down. An end of July deadline on the new field was hoped for, but that may be impossible.

The skating rink, which has already been constructed, will be placed at an angle and to the right of the tennis courts. There are plans for making a parking lot along the front of the tennis courts and ball field.

The committee would like to take this opportunity to express their appreciation to the following people who donated their time and heavy equipment for use at the field: Norma Mallett, Ralph Hoy, Steve Hakala, John Chase and Mr. Abram.

Also a special thank you to all the men and women who have helped in the last few weeks by driving trucks and as laborers. All this help and equipment has saved the town a lot of expense and is truly appreciated.

This project was set up with a limited budget and the need for a lot of volunteer help, so if you have time or equipment to donate, please drop by the field or call the committee.

TEENAGE VOLUNTEERS NEEDED ON SUMMER PLAYGROUND

This summer the Bethel Recreation Board is organizing a group of teens to volunteer small blocks of time to assist in the Summer Playground Program. Duties will include teaching and playing sports and games, instructing arts and crafts projects, helping with the Friday Morning Theatre production, assisting in running events for the Playground Olympics, plus other assorted activities. Any student of Telstar High who has a free hour to give to Bethel's youngsters is urged to contact Gail Sysko, Playground Director, immediately by leaving a message at 824-2155 or writing Star Route, Bethel. The reward for this type of service is great: the satisfaction of expressing creative talents, picking up on leadership abilities, sharing enjoyable moments, and a chance to develop good character by dynamic interaction with small children.

Please help. The need for someone like you is great and urgent.

SUMMER PLAYGROUND TO OPEN SOON

With school about to close, the Bethel Summer Playground is ready to start the summer right with all kinds of play activities for Bethel children in grades Kindergarten through 6. As in past years there will be various low organized sports and games, amazing nature activities (have you ever held an "inch of rain" in your hand?), challenging arts and crafts projects, exciting drama, and "good ole summertime" fun. That is not to mention very Special Events such as Tels Doll Carriage and Bike Parade, Creative Drawing and Writing Contests, Friday Morning Theatre, a Continuing Visual and Performing Artists Series, others soon to be announced, and the big event of the summer, the Playground Olympics. Children who have participated in this program in past years remember well the fun they had with their friends from school and all the new ones they had made. And those who will come for first time—well, there are a lot of good times in store for them!

All children must be registered to attend the Summer Playground. Registration forms and the Playground Rules and Regulations can be found at the Town Office one week before the start of the program, or on the playground Rules and Regulations can be found at the Town Office one week before the start of the program, or on the playground.

The sessions are: June 25-July 6 and July 30-Aug. 10. The hours will be: Monday, 10-3, and Tuesday, Friday 9-3.

This program is sponsored by the Bethel Recreation Board and is supervised during the above said hours by Playground Director Gail Sysko, rain or shine, at the Crescent Park School.

had to say. Out of this part of the follow-up, the chamber hopes that where certain goods are already available, a revised advertising program on the part of individual retailers might help better inform shoppers as to what can be purchased locally. The second part of the follow-up involves the Bethel Area Development Corporation.

Before the surveys were undertaken, the directors of the Bethel Area Development Corporation had agreed to consider survey results with the objective of lending whatever assistance might be appropriate to any potential investors interested in expanding an existing business or starting a new business in lines suggested by the survey. The Area Development Corporation has outlined business expansion plans available to anyone who wants to discuss business expansion in the Bethel area. These outlines are available from BADC Secretary, Roger Conant, at the Casco Bank.

The Middle Intervale Meeting House has recently obtained a quit claim deed from the heirs of Augusta M. Carter and Frances Arabelle Carter. This document was signed by T. Richard and Lyndell Carter, Edward A. Carter, Rebecca Carter Bailey and Bruce Bailey and Elizabeth Carter on April 28, 1979. The deed relinquishes all claim the Carter family may have had on the meeting house at Middle Intervale, which was built in 1816 and is the oldest surviving church building in Bethel.

At a meeting of the Middle Intervale Meeting House Society, which was organized last fall to preserve this important landmark, held May 16 at the Moses Mason Museum, the Society voted to accept the deed. The Meeting House Society is to restore and maintain the building as a condition of the deed from the Carter family. At this meeting it was also voted to insure the building and to incorporate as a non-profit organization. Raising funds were discussed as well as a work schedule proposed. It was also announced that the monthly meeting of the Bethel Historical Society would be held at the Meeting House with Mrs. Rebecca Carter Bailey as speaker. She will provide some of the history of the Meeting House Middle Intervale. The meeting will be preceded by a picnic and will also feature an exhibit of Middle Intervale memorabilia.

It was also decided to offer life membership at \$25.00 and to sell pews in the Meeting House for \$100 each, which would also include life membership.

On May 30 the Society again met and discussed fund raising and work schedules. A work day was held on Saturday, June 2 with much accomplished. Trees and bushes removed, the common mowed and raked, clapboards nailed and broken windows replaced. Another meeting will be held on June 6 at 7 p. m. in the Meeting House. Anyone interested is cordially invited to attend.

Anyone interested in joining the Society or helping with the restoration can contact any member, officer or director. The officers and directors are: Stanley Howe, President; Stephen Wight, Vice-President; Geraldine Howe, Secretary; Edward A. Carter, Treasurer; Dianna Marge Noll, Agnes Haines, Mary Verrens, Elizabeth Mason Carter and James Alger.

NOTES FROM THE CHAMBER OF COMMERCE

No gas report this week; will be resumed next week.

On Tuesday, Donald Bennett and Richard Blake, M.S.A.D. 44 Director of Transportation, met with the Chairman and Commissioner responsible for transportation at the Maine Public Utilities Commission—subject: public use of school buses. Results of the meeting indicate that Bethel (the C. of C. or some other responsibility) needs to do the following:

Determine a schedule, rate to be charged and obtain insurance to act as a common carrier.

Once authority is granted, Bethel's "Common Carrier" could then lease buses from the School District five years during school year.

The commissioners advised us that the economics of such an operation would in their opinion be the greatest obstacle—insurance being the most costly single item.

Telstar R. H. S. News

On Tuesday morning, June 5, 1979, the 10 minute homeroom period at Telstar Regional High School and Middle School was spent in meditation in respect to the Telstar students who died over the week end. The following are the remarks prepared and read by Dr. Wayne F. Gersen, Telstar Principal, at the beginning of the meditation:

"I have a message to share with you this morning, a message I could not share yesterday because I needed to collect my thoughts.

"As you know, Brad Boyce, Susie Osgood, Jerry Swan, Felicia Moffett, and Eric Wentworth died over the week end in a tragic accident in Locke Mills.

"We—the faculty, students, parents and communities—are all saddened by their deaths, shocked by the suddenness of their deaths, and unable to adequately express the grief we feel. We all stand face-to-face with an awful reality: we are mortal—our lives may end suddenly and unpredictably.

"At the same time, we stand face-to-face with a wonderful and inspirational reality: that even in death, our spirit and love will remain, just as the spirit and love of all students remains among us here at school.

"In a letter to the Corinthians written nearly 2,000 years ago, the apostle Paul wrote: 'There is nothing love cannot face; there is no limit to its faith, its hope, and its endurance.'

"Love will never come to an end. Are there prophets? Their work will be over. Are there tongues of ecstasy? They will cease. Is there knowledge? It will vanish away.

"In a word there are three

BUCK - LEONARD

Leroy Charles Buck 3rd, son of the late Leroy Charles Buck Jr. and Madeline Irene Buck of Bethel, is proud to announce his marriage to Rose Marie Leonard, daughter of Bert and Leonard Sr., of West Paris and Irene B. Leonard of Bryant Pond on June 4, in Bethel.

Things that last forever: faith, hope and love; and the greatest of them all is love.

"I ask that you spend a moment in silent meditation to reflect on the lives of these students and the power of love. Before we leave for first period class, I would like to read a poem submitted at the end of the day yesterday. Their message is the same as St. Paul's.

"One day we're together, Next day we're apart. We will make it together, By helping each other a lot. We loved our friends who have left us, But we'll all be happy again; For we loved our friends, Who have left us with memories that have touched our lives and lifted our spirits, forever and always, they will be with us.

With all of our love, From the close friends of Bradley, Felicia, Jerry, Susie, and Eric."

"Peace be with you all in these trying two days."

In Memory of Bradley, Felicia, Jerry, Sue, and Eric

We can not say, we must not say That they are dead, they're just away!

With a cheery smile, and a wave of the hand, They've wandered to an unknown land, And left us dreaming how very fair

It needs must be, Since they linger there; So think of them faring on, as dear

In the love of there, as the love of here.

Think of Bradley, Felicia, Jerry, Sue and Eric

Still as the same, and say They are not dead, they're just away.

With love from all your friends From the Smoking Area.

POPPY POSTER WINNERS

This year there were not as many participants in the Mundi-Alen Post #81 Auxiliary's poster contest as in the past, but the pupils that entered made some excellent posters. The Auxiliary is pleased to announce the following winners.

Fourth Grade: first, Michael Jodrey; second, Debbie Wheeler; third, Lynn Seanes.

Fifth Grade: Kevin Sweetser and Sarah Buckman both won first prize. They were the only two entrants.

Sixth Grade: first, Brent Bachelder; second, James Gorman. Arlene Bean, Poppy Chairman, wishes to thank the judges, Mr. and Mrs. Douglas Bane and Walter Clark, who did a fine job, and a "thank you" to all the children who made the Poppy Contest a success.

GREENWOOD RECREATION FIELD IS PROGRESSING

The recreation committee of Greenwood would like to inform the town's people of the progress at the recreation field.

After weeks of volunteer preparation, the two tennis courts were paved on Tuesday. Lars Thmaenous, a paving contractor from Norway, paved the courts. They will have to set and harden for three weeks before they can be sealed and painted. If all goes well, they should be in use, without a fence, by the first part of July.

Work on the little league field has been slow. This is not a contract job, therefore, requires a lot of volunteer, manual labor. Gravel has been hauled and spread on the new field. One more evening of graveling should be enough. Now rocks and roots need to be picked out of the gravel before it can be loamed, raked and seeded. When this field is completed, the old ball field can be plowed up, leveled off, reseeded and new clay put down. An end of July deadline on the new field was hoped for, but that may be impossible.

The skating rink, which has already been constructed, will be placed at an angle and to the right of the tennis courts. There are plans for making a parking lot along the front of the tennis courts and ball field.

The committee would like to take this opportunity to express their appreciation to the following people who donated their time and heavy equipment for use at the field: Norm Millett, Ralph Hoy, Steve Hakala, John Chase and Mr. Abram.

Also a special thank you to all the men and women who have helped in the last few weeks by driving trucks and as laborers. All this help and equipment has saved the town a lot of expense and is truly appreciated.

This project was set up with a limited budget and the need for a lot of volunteer help, so if you have time or equipment to donate, please drop by the field or call the committee.

TEENAGE VOLUNTEERS NEEDED ON SUMMER PLAYGROUND

This summer the Bethel Recreation Board is organizing a group of teens to volunteer small blocks of time to assist in the Summer Playground Program. Duties will include teaching and playing sports and games, instructing arts and crafts projects, helping with the Friday Morning Theatre production, assisting in running events for the Playground Olympics, plus other assorted activities. Any student of Telstar High who has a few free hours to give to Bethel's youngsters is urged to contact Gail Sysko, Playground Director, immediately by leaving a message at 824-2155 or writing Star Route, Bethel. The reward for this type of service is great: the satisfaction of expressing creative talents, picking up on leadership abilities, sharing enjoyable moments, and a chance to develop good character by dynamic interaction with small children.

Please help. The need for someone like you is great and urgent.

SUMMER PLAYGROUND TO OPEN SOON

With school about to close, the Bethel Summer Playground is ready to start the summer right with all kinds of play activities for Bethel children in grades kindergarten through 6. As in past years there will be various low organized sports and games, amazing nature activities (have you ever held an "inch of rain" in your hand?), challenging arts and crafts projects, exciting drama, and "good ole summertime" fun. That is not to mention very special events such as Toys Doll Carriage and Bike Parade, Creative Drawing and Writing Contests, Friday Morning Theatre, a Continuing Visual and Performing Artists Series, others soon to be announced, and the big event of the summer, the Playground Olympics. Children ready to have participated in this program in past years remember well the fun they had with their friends from school and all the new ones they had made. And those who will come for first time—well, there are a lot of good times in store for them!

All children must be registered to attend the Summer Playground. Registration forms and the Playground Rules and Regulations can be found at the Town Office one week before the start of the program, or on the playground. The dates set for the two two-week sessions are: June 25-July 6 and July 9-Aug. 10. The hours will be: Monday, 10-3, and Tuesday, Friday 9-3.

This program is sponsored by the Bethel Recreation Board and is supervised during the above listed hours by Playground Director Gail Sysko, rain or shine, at the Crescent Park School.

ON STAFF AT BETHEL AREA HEALTH CENTER — Becky Kendall, seated, joined the staff of Bethel Area Health Center in April as secretary receptionist. She is a graduate of Central Maine General School of Medical Technology. She has previously worked for Dr. W. H. Boynton, Dr. John Lanni and Dr. John Young in Bethel. Becky is a well known figure in the community and is a great asset to the Center. A familiar face in a new adventure is always comforting.

Christine Patrick of Rumford Center works as an assistant under the CETA program. She has been

at the Center since its opening in January. She will graduate from Rumford High School in June.

The Northern Oxford Health and Service Council welcomes Becky and Christine and are grateful for their efforts in helping the B.A.H.C. administrative and medical staff deliver health care to our communities.

Out of this part of the follow-up, the chamber hopes that where certain goods are already available, a revised advertising program on the part of individual retailers might help better inform shoppers as to what can be purchased locally. The second part of the follow-up involves the Bethel Area Development Corporation.

Before the surveys were undertaken, the directors of the Bethel Area Development Corporation had agreed to consider survey results with the objective of lending whatever assistance might be appropriate to any potential investors interested in expanding an existing business or starting a new business in lines suggested by the survey. The Area Development Corporation has outline business expansion plans available to anyone who wants to discuss business expansion in the Bethel area. These outlines are available from BADC Secretary, Roger Conant, at the Casco Bank.

Mr. Stowell has served on the Board of Directors of District #44 representing Woodstock. He also has been a constable of the town. The Stowells have two children.

At a meeting of the Middle Intervale Meeting House Society, which was organized last fall to preserve this important landmark, held May 16 at the Moses Mason Museum, the Society voted to accept the deed. The Meeting House Society is to restore and maintain the building as a condition of the deed from the Carter family. At this meeting it was also voted to insure the building and to incorporate as a non-profit organization. Fund raising ideas were discussed as well as a work schedule proposed. It was also announced that the monthly meeting of the Bethel Historical Society would be held at the Meeting House with Mrs. Rebecca Carter Bailey as speaker. She will provide some of the history of the Meeting House as well as memories of her native Middle Intervale. The meeting will be preceded by a picnic and will also feature an exhibit of Middle Intervale memorabilia.

It was also decided to offer life membership at \$25.00 and to sell pews in the Meeting House for \$100 each, which would also include life membership.

On May 30 the Society again met and discussed fund raising and work schedules. A work day was held on Saturday, June 2 with much accomplished: trees mowed and raked, clapboards nailed and broken windows replaced. Another meeting will be held on June 6 at 7 p. m. in the Meeting House. Anyone interested is cordially invited to attend.

Anyone interested in joining the Society or helping with the restoration can contact any member, officer or director. The officers and directors are: Stanley Howe, President; Stephen Wight, Vice-President; Geraldine Howe, Secretary; Edward A. Carter, Treasurer; Di-rectors: Marge Nell, Agnes Haines, Mary Varenis, Elizabeth Mason Carter and James Alger.

MRS. LONA GILBERT — for nearly twenty years was this newspaper's correspondent from West Bethel. The news items appeared under her name for the first time on July 9, 1959. The Citizen staff wishes to extend its appreciation and thanks to Mrs. Gilbert for her many years of faithful service.

NOTES FROM THE CHAMBER OF COMMERCE

No gas report this week; will be resumed next week.

On Tuesday, Donald Bennett and Richard Blake, M.S.A.D. #4 Director of Transportation, met with the Chairman and Commissioner responsible for transportation at the Maine Public Utilities Commission—subject: public use of school buses. Results of the meeting indicate that Bethel (the C. of C. or some other responsible individual) needs to do the following:

—Determine a schedule, rate to be charged and obtain insurance to act as a common carrier.

—Apply to the PUC for authority to operate as a common carrier.

Once authority is granted, Bethel's "Common Carrier" could then lease buses from the School District if the District agreed.

The commissioners advised us that the economics of such an operation would in their opinion be the greatest obstacle—insurance being the most costly single item.

MIDDLE INTERVALE CHURCH GAINS CLEAR PROPERTY TITLE

The Middle Intervale Meeting House has recently obtained a quit claim deed from the heirs of Augustus M. Carter and Frances Arabella Carter. This document was signed by T. Richard and Lyndell Carter, Edward A. Carter, Rebecca Carter Bailey and Bruce Bailey and Elizabeth Carter on April 26, 1979. The deed relinquishes all claim the Carter family may have had on the meeting house at Middle Intervale, which was built in 1816 and is the oldest surviving church building in Bethel.

At a meeting of the Middle Intervale Meeting House Society, which was organized last fall to preserve this important landmark, held May 16 at the Moses Mason Museum, the Society voted to accept the deed. The Meeting House Society is to restore and maintain the building as a condition of the deed from the Carter family. Telstar R. H. S. News

On Tuesday morning, June 5, 1979, the 10 minute homeroom period at Telstar Regional High School and Middle School was spent in meditation in respect to the Telstar students who died over the week end. The following are the remarks prepared and read by Dr. Wayne F. Gensen, Telstar Principal, at the beginning of the meditation:

"I have a message to share with you this morning, a message I could not share yesterday because I needed to collect my thoughts.

"As you know, Brad Boyce, Susie Osgood, Jerry Swan, Felicia Moffett, and Eric Wentworth died over the week end in a tragic accident in Locke Mills.

"We—the faculty, students, parents and communities—are all saddened by their deaths, shocked by the suddenness of their deaths, and unable to adequately express the grief we feel. We all stand face-to-face with an awful reality: we are mortal—our lives may end suddenly and unpredictably.

"At the same time, we stand face-to-face with a wonderful and inspirational reality: that even in death, our spirit and love will remain, just as the spirit and love of five students remains among us here at school.

"In a letter to the Corinthians written nearly 2,000 years ago, the apostle Paul wrote: 'There is nothing love cannot face; there is no limit to its faith, its hope, and its endurance.

"Love will never come to an end. Are there prophets? There will be over. Are there tongues of ecstasy? They will cease. Is there knowledge. It will vanish away."

"In a word there are three things that last forever: faith, hope and love; but the greatest of them all is love."

"I ask that you spend a moment in silent meditation to reflect on the lives of these students and the power of love. Before we leave for first period class, I would like to read a poem submitted at the end of the day yesterday. Their message is the same as St. Paul's.

"One day we're together, Next day we're apart. We will make it together, by helping each other a lot. We loved our friends who have left us, But we'll all be happy again; For we loved our friends, that have touched our lives and lifted our spirits, forever and always, they will be with us. With all of our love, From the close friends of Bradley, Jerry, Susie, and Eric."

"Peace be with you all in these trying two days."

In Memory of Bradley, Felicia, Jerry, Sue, and Eric
We can not say, we must not say That they are dead, they're just away!

With a cheery smile, and a wave of the hand, They've wandered to an unknown land, And left us dreaming how very fair

It needs must be, Since they linger there; So think of them faring on, as dear In the love of there, as the love of here.

Think of Bradley, Felicia, Jerry, Sue and Eric Still as the same, and say They are not dead, they're just away.

With love from all your Friends from the Smoking Area.

BUCK - LEONARD

Leroy Charles Buck 3rd, son of the late Leroy Charles Buck Jr. and Madeline Irene Buck of Bethel, is proud to announce his marriage to Rose Marie Leonard, daughter of Berton E. Leonard Sr., of West Paris and Irene B. Leonard of Bryant Pond on June 4, in Bethel.

This week I went again to the lilac field but mostly to hear and see the bobolinks. No place that I have seen are there so many as in the farm fields. As I stood, I heard the jubilant song; one of my favorite birds. I always look forward every spring to the joyous, with

Isn't Mother Nature in June somewhat like a spendthrift, who is overcome with generosity? She gives with both hands, extended, then as if she realized her lavishness and was somewhat fearful of overdrawn her bank account settles into a season of thrift.

Many flowers come almost simultaneously. One hardly has time to admire them before the trees and bushes are in bloom; lilacs white and purple, then roses sprawling in the sun. But nature's way is best for she is building with her flowers and green leaves, fruit for bird and man.

This week I went again to the lilac field but mostly to hear and see the bobolinks. No place that I have seen are there so many as in the farm fields. As I stood, I heard the jubilant song; one of my favorite birds. I always look forward every spring to the joyous,

rollicking, musical notes tumbling over each other, sounding somewhat like the jingling of coins. Its home is where it nests, yet it spends only three months in its breeding place. The rest of the year it is away from home. In the southern states it is known as the "reed bird" or "rice bird". Like the red-wing black bird its eating habits change from the stay in New England where much of its food is insects, while in autumn it turns to seeds.

Buttercups are out. Their petals, which look as if they had been waxed and polished shine in the sun and attract the bees and butterflies.

A couple of threatening days I went out fishing. I can come home if it gets too wet, I like to catch fish but to me there is much joy in the little things along the way which feed the eyes, the ears, and the mind.

There were the spangled lush green leaves of the trees filled with birds songs, mist from the

pond mingled with the echoes from the world, a startled duck, the smell of wood smoke from the chimney, the rattling cry of the kingfisher, the beauty of the heron, and the drift of clouds. Among these there was the plop of my lure as it hit the water and the sound of the reel. The catch or the loss of a fish is not all that important; it's just knowing that all this is real.

My chipmunk appeared one afternoon with two babies. It was their first visit from their dark underground home to the bright and beautiful world. They stayed for a few days with their mother, then she left them on their own.

She came to find me and to beg for sunflower seeds. The babies are still too timid to get close. A mother duck and her seven appeared down on the pond. I discovered them when I was working among my flowers. She was very excited quacking and flapping for one tiny bit of fluff had come alone toward the shore; tacking

back and forth on the wind ruffled surface. Mother flew over and came down, talking all the time. The baby followed her back across the pond and joined the other six. An airplane plodded across the sky high over head and I left my flowers to go to the farm to spend the afternoon planting dry beans and string beans.

Tonight, as I finish this, it's nice to see that the sky is clear. There is a glittering promise in every twinkling star that is found in the night sky, washed clean. There is a sweet smell, a fresh fragrance, while above there's brilliance of a thousand galaxies.

MIDDLE INTERVALE MEETING HOUSE TO SELL PEWS

In the olden days it was customary to raise money to build a meeting house by selling pews before the structure started. We know of only three certificates of ownership at the Middle Intervale Meeting House built in 1816; the Eli Foster Carter; Jonathan Russell, now owned by a descendant, Geraldine Stanley Howe. Will any one else who has such certificates please notify us as soon as possible. To help raise funds for the restoration of the building, the Society has decided to sell again pews for \$100 each, which includes life membership in the Society. The Society will continue to use the same format for the certificates as that used long ago.

It is hoped that if a person, or a family, purchase a pew in memory, they will be willing to share their recollections of past events or personalities so that some record will be gained of those who did much for our village. If interested, please call Beckie Bailey at 824-2434 or Geraldine Howe at 824-2322.

TELSTAR VARSITY SOFTBALL HAVE 12-3 RECORD

The Telstar varsity softball team just completed its spring campaign with a 12-3 record. With seven starters returning next year, this should give Telstar softball a solid base for some successful seasons in the future.

The offense compiled a team batting average of .357, while averaging 12.6 runs per game. Senior Julie Martin had the highest average at .457. She was followed closely by junior Suzette Wing (.431) and junior Jackie Martin (.410). Sophomore Marlene Bean had the best on base percentage and led the team in extra base hits (8) while hitting .392. Marlene also accounted for three home runs.

A very good defense complemented the success of the young team. The Rebels allowed their opponents to average 6.6 runs per game. Junior Teen Gauthier handled 59 attempts with only three miscues. Marlene Bean played the hot corner with a fine .888 fielding percentage. The team fielding average was .771.

The young Rebels will not be in the Mountain Valley Conference next year. Tentatively they will be playing in the Independent League.

BETHEL RED SOX

On Thursday the Red Sox traveled to Bryant Pond for their first game of the 1979 season. The game was won by the Red Sox 8-4.

The score was 0-0 when in the 4th Brandon Salway led off with a long home run over the center field fence and the team scored a total of five runs in the inning with hits from Kevin Van Deusen, Perry Hart and John Morrill.

Coley Fudge and Andy Wheeler went 2-3 and the winning pitcher, Ken Whitney, went 2-4 in a well-pitched game.

On Friday the Red Sox played Andover at home.

Ken Whitney led off the hitting with his first home run of the year and Brandon Salway went 5-5 with two home runs, Shawn Smith 4-5, Kevin Van Deusen 3-3, Andy Wheeler 4-6 and Perry Hart 3-4.

Other members of the team helping with good field play were Coley Fudge, Todd Kellogg and John Morrill.

Subj. Jay Davis, Scott Brown, Andy Moffett, and Shane Milling have played well in both games. Shawn Smith was the winning pitcher with 14 strike outs in his first game as a pitcher.

Coach Gerry Durgin believes with his returning people and a nucleus of J. V. ball players looking to move up, the Rebels should continue their present success.
